

## Speekie Engrish

I went out to buy a tank of gasoline  
Guy named mustafa, his service truly was obscene  
Had bushy eyebrows and bushy beard and yet it seemed  
That he could not speekie engrish

Hhe came over the border back in '93  
The Clinton Wshitehouse was offering him amnesty  
But then the shoe dropped and immigration policy said:  
"Go home Pakistani"

Will you speak english, please?

Hey little man, how you gonna hear this?  
You're showin' up on everybody's shit list  
How come you don't speekie any engrish?

In the hallowed halls of the academy  
They're keeping busy re-writing history  
All those dead white men ain't what they used to be  
Cause they all spoke perfect english

The university director of diversity  
Could not appreciate his circumstance of irony  
He was sending out illiterates with PhDs  
And they only spoke ebonics

Spizzle englizzle? Speekie speekie Engrish?  
Hey little man, how you gonna hear this?  
You're showin' up on everybody's shit list  
How come you don't speekie any engrish?

They're drilling oil, we're standing in it waist-deep  
In foreign lands they're slaving in the hot heat  
To bring us gap and hilfiger and nike  
You bet they wished they spoke a little english

There was the Irish, the Germans, then the Cantonese  
Later they flourished in business with uncommon ease  
The only difference was that they learned their ABCs

An bhfuil Béarla agat?

Nei sik msik gong ying man?  
Maybe we'll just say it all in english

Hey little man, how you gonna hear this?  
You're showin' up on everybody's shit list  
How come you don't speekie any engrish?
